Description: Please join Resources for the Future (RFF) on Monday, August 30, for a Policy Leadership Series event with Michael Regan, Administrator of the US Environmental Protection Agency (EPA). During this wide-ranging conversation with Administrator Regan, we will discuss the role of economic analysis in informing environmental rulemaking and policy, regulations for greenhouse gas emissions under the Clean Air Act, EPA's approach to environmental justice considerations, and more. The series brings together some of the world's most influential decisionmakers and policy thinkers to discuss the challenges of our time. Policy Leadership Series events are also distributed as the PLS Podcast series.
